15 برومبت لملخصات دراسية مصوّرة مع ChatGPT — GAOBA AI

طريقة الاستخدام (٣ خطوات):

- افتح ChatGPT (ميزة توليد الصور لازم تكون متاحة في حسابك).
- انسخ البرومبت اللي يعجبك، واستبدل `[TOPIC]` بموضوع درسك (مثلاً: `Natural Language Processing`).
- راجع المعلومات في الصورة قبل ما تعتمدها: الصور تساعدك تفهم وترتّب، لكن الذكاء الاصطناعي قد يخطئ في المعلومات.

ملاحظات: الأسماء بالإنجليزية هي نفس الأكواد اللي في الفيديو. للنص العربي داخل الصورة اكتب بعد البرومبت: «اكتب العناوين بالعربية الفصحى وبأقل عدد من الكلمات». لو ظهرت كلمات خاطئة، اطلب «أعد التوليد بنصوص أقصر».

القاعدة المشتركة (تضاف تلقائيًا في كل برومبت): portrait 2:3, clean readable layout, short labels only, no logos, no watermarks, no brand characters, no fabricated facts.

---

01 · `/mindmap`

Create a 2:3 portrait study image about [TOPIC]: a hand-sketched mind map on ivory paper, one central concept, 5 balanced colorful branches with short keyword labels, small academic icons, hand-drawn arrows, realistic marker texture. Clean readable layout, short labels only, no logos, no watermarks, no fabricated facts.

02 · `/handwritten`

Create a 2:3 portrait study image about [TOPIC]: a premium handwritten notebook page with spiral binding, neat black ink headings, colored highlighter strokes on key terms, two simple hand-drawn diagrams, natural pen texture. Short labels only, no logos, no watermarks, no fabricated facts.

03 · `/flashcard`

Create a 2:3 portrait study image about [TOPIC]: three physical revision flashcards arranged diagonally on a wooden desk, showing a question on the front of one and the answer on the back of another, cream cards with orange and navy accents. Short text only, no logos, no watermarks, no fabricated facts.

04 · `/summary`

Create a 2:3 portrait study image about [TOPIC]: a one-page study summary poster with clear editorial hierarchy, a title area, one diagram panel and four short fact blocks, ivory and navy palette. Short labels

.only, no logos, no watermarks, no fabricated facts

`/steps` · 05

Create a 2:3 portrait study image about [TOPIC]: a six-step visual guide as an illustrated flow, numbered rounded panels 1 to 6 connected by arrows, one tiny icon per step, harmonious palette. .Short step labels only, no logos, no watermarks, no fabricated facts

`/analysis` · 06

Create a 2:3 portrait study image about [TOPIC]: an academic analysis sheet with two clean simple charts, highlighted key evidence, comparison arrows and short annotation areas. Use no invented .numbers, short labels only, no logos, no watermarks

`/quiz` · 07

Create a 2:3 portrait study image about [TOPIC]: a multiple-choice revision quiz on paper, five numbered questions with four answer circles each, small hand-drawn illustrations. Keep the questions .very short, no logos, no watermarks, no fabricated facts

`/stickynotes` · 08

Create a 2:3 portrait study image about [TOPIC]: an overhead photograph of colorful translucent sticky notes on a dark walnut desk, each with a short keyword and a tiny marker drawing, believable paper .shadows. Short text only, no logos, no watermarks, no fabricated facts

`/compare` · 09

Create a 2:3 portrait study image about [TOPIC]: a two-column visual comparison sheet, concept A on the left versus concept B on the right, a central divider, paired icons, restrained peach and blue palette. .Short labels only, no logos, no watermarks, no fabricated facts

`/visual-learning` · 10

Create a 2:3 portrait study image about [TOPIC]: a visual learning board with one large central illustration and four smaller supporting diagrams, educational arrows, generous spacing, soft 3D clay- .style look. Short labels only, no logos, no watermarks, no fabricated facts

`/explain` · 11

Create a 2:3 portrait study image about [TOPIC]: a whiteboard explanation with simple illustrated objects, directional arrows and colored-marker annotations that explain the idea in order. Short labels .only, no logos, no watermarks, no fabricated facts

`/revision` · 12

Create a 2:3 portrait study image about [TOPIC]: a quick-review one-page sheet with highlight strips, summary fact tiles and mini diagrams, clear editorial hierarchy. Short labels only, no logos, no watermarks, no fabricated facts.

13 · `/cornell`

Create a 2:3 portrait study image about [TOPIC]: an authentic Cornell-notes page with a cue column on the left, a main notes area and a summary box at the bottom, neat handwriting, small diagram. Short text only, no logos, no watermarks, no fabricated facts.

14 · `/bento`

Create a 2:3 portrait study image about [TOPIC]: a bento-grid study layout of rounded tiles of different sizes, each with one fact or one mini illustration, soft shadows, cohesive palette. Short labels only, no logos, no watermarks, no fabricated facts.

15 · `/scrapbook`

Create a 2:3 portrait study image about [TOPIC]: a scrapbook-style revision page with taped paper scraps, washi tape, stamps, small cut-out illustrations and handwritten keywords, warm paper textures. Short text only, no logos, no watermarks, no fabricated facts.
